## CCIJ Workshop June 2 07

Thank you all for coming out and making our workshop "Preparing Ourselves to Deal With Sexual Issue at Camp and Beyond" a tremendous success. 83 of you were in attendance.

12 Steps of Bonding, led by Mrs. Faith Linton on the stages of relationships the way God intended, was a profound yet inspiring session for all. Kevin Bailey of Family Life Ministries opened our eyes on the subject of "What Went Wrong" in our socialisation and our thinking and how we can be part of God's answer. Maria Harbajan led us in a time of introspection, repentance and intercession that helped us to be ready for this summer camping season. This was followed by two presentations: True Love Waits, led by Polly Ho and Purity and Abstinence, by Pat Fletcher & Team from Extreme Impact. The day ended with case studies, discussed in small groups, which allowed

the information and techniques learned throughout the day, to be applied.

## Help Still Wanted

## Words From The Chair

The more work we are facing, the more the need to sit still with Jesus, before the busyness of the day faces us. Jesus went aside and was alone with His Father, in stillness, listening to His instructions and seeing with His Father's eyes. The success of our ministry is directly related to our ability to make this intimate undisturbed time with 'our Boss' a daily priority.

## Prayer Requests

We are grateful to Jesus, our Lord and Master, for His promises and the assurance that we have in Him. He is our Strength, our Guide and Waymaker, He has done it before and we can be confident that He will do it again.

We are trusting Him for provisions for each camp, sufficient and good staff and for great dynamics, which would provide the right environment for His Word to go forth with power and conviction, bringing redemption, healing and hope!

LORD, help us, to be faithful to you, so we would be your instruments!
